ATTENTION
This catalog reflects the status of programs and policies of the institution and is effective as of May 19, 2018. It is
binding for all new and re-entering students for the 2018-2019 academic year forward.

NOTIFICATION
The degree programs of study offered by Charlotte Christian College and Theological Seminary have been
declared exempt from the requirements for licensure under provisions of North Carolina General Statutes Section
(G.S.) 116-15(d) for exemption from licensure with respect to religious education. Exemption from licensure is not
based upon any assessment of program quality under established licensing standards.

RECOGNITION AND ACCREDITATION
- Charlotte Christian College and Theological Seminary is a member of the Transnational Association of

Message from the President

Charlotte Christian College and Theological Seminary is in the midst of change, better to serve the students God continues sending to this institution. Every parson involved in the development and leading of this organization is dedicated to building an institution that unashamedly holds forth what it means to integrate faith into every aspect of our lives. Whether you are part of a math, science or theology class, you instructor will be striving to integrate faith into that course and into your life as you prepare to serve Christ – whatever your field of study. We believe Jesus calls us to trust him and to walk by faith, faith that is integrated into every step of life.

The Board of Directors Believes the Lord wants the institution to take a new step of faith. This journey has led us to place the campus up for sale. The institution is in the process of relocating to a new area within the city of Charlotte that we believe will better serve our students and stakeholders. I have shared with our students that this is an exciting time for Charlotte Christian College and Theological Seminary. It reminds me of the Feast of Tabernacles as described in Leviticus that commemorates the Exodus of God's people and the dependence of the Israelites on the will of God. It includes the building of a walled structure covered with branches and plant materials. It was to provide shelter for the farmers during harvesting, and it was temporary in that farmers could easily take it up and move it. The lesson is that the easier we can pick up and move, the easier it is for us to be obedient when God speaks. Renters move more often than homeowners do, because there are legal and financial entanglements that make it harder to step out in faith and relocate as God leads.

Yet God calls us to be ever moving, growing and changing. This makes us uncomfortable at times, but faith demands obedience to God. The institution has various restrictions at this location, and the Board believes the institution can better meet the needs of its students through relocating its campus in order to provide a more modern, flexible and high-tech educational facility. We believe this new, yet unknown, location will allow the institution to offer additional fields of study, as we grow into a university.

We invite you to join Charlotte Christian College and Theological Seminary, and to walk with us as we step out on faith to relocate within our city. Looking at this from the world's view, this can be scary; looking at this through God's eyes, this is an exciting time as we step out in faith. I learned a long time ago that I would rather be in the worse place on earth, but in the center of God's will than to be in the best place on earth and outside the will of God. Jesus does not call us to be comfortable; he calls us to be ever changing and growing in our obedience and willingness to become more like Him and follow Him. Likewise, institutions are not to be comfortable in their accomplishments, but seeking to grow and better serve Jesus and His Kingdom. We invite you to come and take this journey with us!

Respectfully yours,
President

A Brief Word from the Faculty and Staff

Change is a part of life. The world of higher education is in a constant state of flux, as it strives to prepare students to navigate career plans in the ever-changing global marketplace. Here at CCCTS, our mission is “To prepare Christ-centered leaders academically, professionally, and spiritually in order that they may be equipped to address creatively and effectively the needs and challenges of urban communities and society at large.” Everything we do as an institution of higher education serves to accomplish our mission.

Our academic programs of study are specifically designed to train leaders in the fields of urban Christian ministries, biblical studies, and pastoral studies. All our programs possess an urban emphasis, realizing that the culture, learning, and lifestyle of the urban centers influence the entire globe. Here at CCCTS, we firmly understand that one must first influence the cities in order to make a difference in the world. We are training our leaders to do just that.

We are excited that you are considering CCCTS as your institution to help you meet your calling and goals. If you want to learn how to think, influence, and lead, then CCCTS is the school for you. As faculty and staff, we will do all we can to help prepare you for where God has called you. We will mentor you, train you, and stretch you beyond what you thought possible. In the end, you
will be ready to take your position as one of tomorrow's leaders. We look forward to helping prepare you for the task.

**MISSION STATEMENT**

CCCTS exists to prepare Christ-centered leaders academically, professionally and spiritually, in order that they may be equipped to address creatively and effectively the needs and challenges of urban communities and society at large.

**SCRIPTURE**

Our understanding of the Word of God comes from Second Timothy 3:16-17: “All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works” (KJV).

**STATEMENT OF PHILOSOPHY**

As a body of believers invested in Christian education, CCCTS acknowledges

- that we as sinners are redeemed by the grace of God through faith in Jesus Christ; and
- that we have submitted ourselves to the Lordship of Jesus Christ and to the authority of Holy Scripture as God's inerrant, infallible Word; and
- that God's Word declares that the fear of the Lord is the beginning of godly wisdom, knowledge, and understanding; and
- that God's Word commands us to make disciples of all people everywhere, especially our own children, by the training and instruction of the Lord.

Therefore, CCCTS affirms that

- godly wisdom comes only by special revelation through the Person of Christ, Holy Scripture, and the whole counsel of God given by the Holy Spirit through the church;
- godly knowledge comes by general revelation through formal and informal study and contemplation of nature and human nature, in pursuit of an academic curriculum, and in work and play;
- godly understanding comes only when all life's experience passes through the lens of a biblical world-view, meaning that all truth is framed by biblical reality and everything that is ultimately of God is true.

CCCTS further affirms that

- God, who is perfect and holy, commands humankind to service that aspires to be both perfect and holy;
- humankind lacks in itself the capacity to fulfill God's commands and that humanity must humble itself and strive to use spiritual gifts to bring honor and glory to God;
- to withhold from God our best, to achieve less than our best, to commend ourselves for doing what is only our duty,
- or to judge the achievements of others are all sin and we must seek God's forgiveness for our sin.

CCCTS further affirms that

- the goal of achieving excellence is essential to the good stewardship of our gifts and calling;
- as commended by the example of Holy Scripture and the work of God in history, the founding and operations of CCCTS stems from a commitment to honor the Lord Jesus Christ by the training and equipping of men and women to proclaim the gospel message and to serve God and His people;
- both objective and subjective standards of excellence exist for measuring the quality of our work in this institution;
- CCCTS standards of excellence reflect biblical virtues and cultural values compatible with Scripture;
- among the cultural values acknowledged by society and Scripture are included excellence of the academics, arts, athletics, and social attainments.

The academic programs and educational ministry of CCCTS reflect

- goals to be an institution where the Board, administrators, teachers, staff, and support personnel recognize the holistic and interdependent nature of our work together;
- a ministry of the greater Charlotte Christian Community, able to make a significant contribution to the larger Body of
Christ, recognized and respected for its distinct calling to shape the will of students to mirror “the mind” of Christ;

- the extension of the Christian family and household where we take seriously the trust others have placed in us to help them in developing responsible adults in the nurture and admonition of the Lord;
- the extension of the worldwide Christian family - To be the salt of the earth, a beacon on a hill as our programs and people impact the world around them.

Therefore, by God’s grace, CCCTS strives to the end that our students

- be stimulated, challenged and encouraged to make the best possible use of the intellectual, aesthetic, physical, social, and spiritual gifts given to them by God;
- be provided opportunity to excel in academic studies, artistic performances, and social growth while keeping mind of their need for spiritual maturity and faith and yet provide the students the dignity and responsibility of fulfilling their financial obligations;
- be provided sound academic training mixed with practical hands-on experience in their field of ministry as they are exposed to examples of godly living worthy of emulation, not only by their professors and our staff but also their peers and members of the religious community;
- be encouraged to develop, build and deepen a sense of family among students, faculty, administration, alumni and board members;
- be urged to recognize the grace of God throughout the human race and in every nation, language, and culture;
- be directed toward a vocational field of service worthy of their calling and gifts, to enable them to confront the world with the gospel of Christ;
- be confronted with the claims of Jesus Christ in such a clear manner that they always teach the Christian faith as the only true faith, and faith in Christ as humanity’s only hope of everlasting salvation.

May our endeavors be guided by God's Holy Word: “Finally brothers and sisters, whatever is true, whatever is noble, whatever is right, whatever is pure, whatever is lovely, whatever is admirable - if anything is excellent or praiseworthy - think about such things” (Philippians 4:8, NIV).

DOCTRINAL STATEMENT

I. God – We believe there is one and only one eternal living and true God. He is an intelligent, spiritual, and personal Being, the Creator, Redeemer, Preserver, and Ruler of the universe. God is infinite in holiness and all other perfection. To Him we owe the highest love, reverence, and obedience. The triune God exists in three distinct Persons of Father, Son, and Holy Spirit, each sharing the same nature, essence, and being, of which we understand the following:

A. The Father – We believe God the Father is infinite, the First Person of the Godhead who is self-existent, eternal, unchangeable, everywhere present, all-knowing, all-powerful, independent, good, wise, holy, just, and merciful. God the Father is the Creator who from nothing preexistent, but by the word of His power, first called forth time, energy, space, and matter to form the universe.

B. The Son – We believe God the Son is one with the Father. He is the Second Person of the Godhead, through whom all things were created, and He fulfills the offices of Prophet, Priest, and King. While possessing all divine perfection, Jesus was miraculously conceived, born of the Virgin Mary, of the seed of David according to the flesh and the only begotten of the Father, the only incarnation of God. He honored the divine law by His personal obedience, and in His death on the cross, made provision for the redemption of humanity from sin. He was raised from the dead with a glorified body and appeared to His disciples as the Person who was with them before the crucifixion. He ascended into heaven and is now exalted at the right hand of God. He will physically return in power and glory to consummate His redemptive mission.

II. The Holy Spirit – We believe the Holy Spirit, the third person of the Godhead, is one with the Father and the Son in His divine nature and having all the attributes of God. He illuminates, regenerates, indwells, sanctifies, equips and sustains those who, through repentance, believe in Jesus Christ and have entered into a personal relationship with Him. The Holy Spirit indwells and fills the lives of all believers and endows them with spiritual gifts that are used in their personal service to God; however, there are no particular gifts that serve as visible evidence of salvation or sanctification of the believer.

The Bible – We believe that the Scriptures, consisting of all the sixty-six canonical books of the Old and New Testaments are divinely inspired. As originally given, the Scriptures are inspired, infallible, inerrant, and authoritative. They are without error and trustworthy in all matters upon which they speak – scientific, historical, moral, and theological.
A. **Special Creation** – We believe God created the universe and in it a world without sin, by His spoken word. This was accomplished in a literal six-day creation week as recorded in the book of Genesis.

B. **Historicity** – We believe all historical matters in the Bible, including Genesis 1-11, are to be considered as an accurate and literal record. The full historicity of the biblical record includes the literal existence of Adam and Eve as the progenitors of all people, the literal fall and resultant divine curse on the creation, the worldwide cataclysmic deluge, and the origin of nations and languages at the Tower of Babel.

III. **Humanity** – We believe the human race was created by a special act of God, in His own image, and that humanity is the crowning work of His creation. Adam and Eve were created without sin and were endowed by God with freedom of choice. By free choice, Adam and Eve sinned against God and brought sin into the human race; whereby their posterity inherit a sinful nature and an environment inclined toward sin and are under condemnation. Only the grace of God can bring lost humanity into His holy fellowship and enable humanity to fulfill the creative purpose of God.

IV. **Redemption** – We believe that Jesus Christ, the second person of the Divine Trinity, by His incarnation, life, sufferings, substitutionary death for sin, burial, and resurrection, offered Himself for all on behalf of our redemption from sin and is the ground of salvation by faith through His death and resurrection. Jesus died for our sins, was resurrected, and ascended to heaven, where He serves as the only mediator between God and humanity, making intercession for believers.

V. **Salvation** – We believe individuals, by their own goodness or works, cannot become the children of God. Personal salvation from the eternal penalty of sin is provided solely by the grace of God on the basis of the atoning death and resurrection of Jesus Christ. Salvation is received only through personal faith in Jesus Christ and His atoning work and justifying resurrection.

VI. **Satan** – We believe in the existence of a personal, malevolent creature called Satan who acts as tempter and accuser, continually soliciting men to sin. Satan is to be resisted by submitting to God. As the original sinner and enemy of God, he will forever be confined to hell, where he is to be tormented forever.

VII. **Last Things** – We believe the Lord Jesus, who ascended on high and sits at the right hand of God, will personally and bodily return in glory at the end of time to glorify His saints and judge the world. At the end of time, there will be a bodily resurrection of the dead and all persons will be judged according to their works. Following the judgment, the righteous will enter into everlasting life, and the wicked will be condemned to a state of endless punishment.

VIII. **The Church Community** - We believe that Christ has one Body of the redeemed, whom He calls to gather in local assemblies for worship, discipleship, prayer, ministry, and mutual encouragement. As Lord of His Church, Christ commissions His people to love each other as He has loved us and to serve our world by extending the gospel of His saving love to all nations.

**STATEMENT OF NON-DISCRIMINATION**

This institution admits and educates qualified students who are personally committed to Jesus Christ. Students are admitted and educated without regard to race, color, handicap, sex, age, or national or ethnic origin. This institution does not discriminate in administration of its educational policies, admissions policies, financial aid and scholarship programs, and other school-administered programs.

**DESCRIPTION OF CAMPUS**

Keeping prominent the congregation's goal to fulfill the Great Commission, the historic Whiting Avenue Baptist Church gifted the property and facilities to the institution in 2002. The 2.5 acres of prime real estate is located in the North Davidson Area of Charlotte, North Carolina. The 37,000 square foot facility was erected in two stages. Renovations to the 1962 church building were completed in late 2007 providing a spacious library, administrative offices, classrooms, health and safety accommodated restrooms and elevator. Plans call for the 1952 educational building to be torn down and replaced in the near future as Campus development continues.

Facilities meet all the requirements of the Americans with Disabilities Act of 1990 and provide some of the latest technology. The Board of Directors continues plans for full development and enlargement of the Campus and its facilities.
POLICIES AND PROCEDURES

Academic Regulations
The institution operates under the authority of a Board of Directors. The Board establishes the academic regulations and oversees the right administration of its programs and activities. The President is the Chief Executive Officer.

This Catalog has been prepared to provide the most accurate information possible, describing the course offerings, policies, procedures, and requirements of CCCTS.

Students are expected to adhere to the standards of the catalog. However, the catalog does not establish contractual relationships. CCCTS reserves the right to alter or change any statement contained therein without prior notice.

Code of Conduct
It is mandatory for all students to sign the following Code of Conduct as part of the admissions process.

A. Basis for this Code of Conduct
The code of conduct for Charlotte Christian College and Theological Seminary is derived from God's law and best summarized in Matthew 22:37-40. Jesus replied: “Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: ‘Love your neighbor as yourself.’ All the Law and the Prophets hang on these two commandments.” Christians must learn to love God above all else and their neighbors as themselves. CCCTS is a Christian academic community where faculty, staff, and students learn to build in one another a will to obey this law of love. This code of conduct expresses in part, how this educational community will act to correct the deficiencies in their love for God, for themselves, and for one another.

The Christian law of love cannot be stated in narrow, legalistic terms, for it can never be fulfilled simply by the observance of a set of rules and regulations. Consequently, this code of conduct does not seek to develop a detailed and exhaustive summary of what a student may or may not do. On the other hand, it is sound biblical principle that everything must be done in good order; therefore, this code of conduct does contain, in addition to positive Christian principles of behavior, a list of proscribed conduct and a well-defined procedure for the implementation of the code of conduct.

Students are expected to comply with the behavioral requirements set forth in this code of conduct, and they may in turn expect the institution to address issues or concerns fairly, consistently, and in accord with the policies and procedures set forth in the code of conduct applicable at the time an issue arises. This code of conduct is not a static document or an unchanging set of policies and procedures. On the contrary, the institution may update the information presented here at any time to clarify or better align with best practices, or whenever necessary to comply with governmental regulations. It is the responsibility of all CCCTS students to become aware of and to remain familiar with campus policies and procedures. In the event of substantial mid-year revisions to the student code of conduct, a notice within Populi will alert students. Students can expect that annual updates may be made to the code of conduct prior to each academic year, and may always locate the official and most current version of the student code of conduct on the institution’s website.

Building community is an integral component of CCCTS’s educational mission. Perhaps this vision is best characterized by an image of students, faculty, and staff helping one another day by day to cultivate aspirations, nurture commitments, and practice what we profess. Being a member of the CCCTS family is not ultimately about personal gratification, although CCCTS is certainly a place where its constituents can enjoy considerable freedoms, excel, and build lasting friendships. At its best, CCCTS seeks to weld its participants together around the beliefs that all are made in God's image and that members of Christ's church need one another, such that their educational endeavors, interpersonal relationships, and personal actions might reflect the Lord's provisions more closely.

Building community is not easy. Christian belief also testifies that a person's disregard for God's provisions for life lead to brokenness, alienation, and wrongdoing. As a result, CCCTS is not a perfect place; people sometimes act, speak, and think in ways that are in conflict with biblical standards. The good news of the gospel is that Jesus' life, death, resurrection, and ascension provide relief from brokenness, alienation, and wrongdoing; followers of Christ are emancipated, enlightened, and empowered to experience life in ways that are mutually fulfilling and meaningful. Consequently, CCCTS can be a place where the blessings of community can be pursued and experienced, albeit partially, by some more than others, and sometimes more than other times.

Building community does not occur automatically; it requires commitment and perseverance. Furthermore, building community
suggests intentionally striving to enact self-control, integrity, and justice as appropriate expressions of Christian belief. Self-control involves acknowledging God's presence in all of our actions; integrity concerns being above reproach in dealings with others; and justice indicates a desire to pursue righteousness, compassion, and peace in private and public settings. Taken together, these three characteristics of the Christian life are important building blocks of the kind and quality of community that CCCTS strives to establish.

Building community also involves avoiding various behaviors. CCCTS proscribes certain conduct because it impedes the kind of community that it envisions to build. More specifically, if a student becomes intoxicated, that student is not self-controlled; if a student cheats on a test, that student has compromised integrity; or, if a student bullies or harasses a colleague, that student has acted unjustly. In each case, the building of community is diminished. What follows, then, are conduct requirements that are indications as to how students might pursue the goal of building community.

B. The Scope of the Student Code of Conduct

1. CCCTS's code of conduct applies to both individual students and to the actions of student organizations. The code of conduct applies to every CCCTS student's behavior from the time of a student's admission to the institution until the actual awarding of a degree.
2. The code of conduct applies to student behavior that occurs before classes begin or after classes end, as well as during break periods and when students are between terms of enrollment.
3. The code of conduct applies to behavior in the classroom and at all locations and events on CCCTS owned or leased property.
4. The code of conduct also applies to student behavior in locations and at events not occurring on-campus, including those involving non-campus individuals and organizations.
5. The code of conduct applies to behavior in locations abroad and in situations involving technology as a means of recording or communication.
6. The student code of conduct allows the institution to take action or assign sanctions to students for behavior that adversely affects self or others at off-campus sites or disrupts the campus community wherever that conduct may occur.
7. CCCTS disciplinary action does not preclude the possibility of civil or criminal charges being placed against an individual nor does the filing/dismissing of civil or criminal charges preclude action by the institution. The institutions conduct expectations and disciplinary processes operate independent of the civil or criminal justice systems.
8. The code of conduct applies to a student's conduct, and a disciplinary process will not necessarily be suspended or terminated, even if the student withdraws from school while a disciplinary matter is pending. A student accused of a conduct violation who withdraws during a pending disciplinary matter will not be deemed to be in good standing with the institution.
9. The President or Vice President of Student Affairs and/or his/her designee shall decide whether institution disciplinary action related to student code of conduct violations shall be applied in unusual situations, on a case by case basis, at his/her sole discretion. Likewise, where an issue involves different institution constituents (such as a complaint by a student against a faculty member), the Vice President of Student Affairs will determine in his/her sole discretion, and inform the parties in writing, as to which institution process or processes will apply.
10. The President or Vice President of Student Affairs may authorize a search of a particular room in an institution residence hall or on institution owned property to determine compliance with institution regulations and/or compliance with federal, state, and local criminal law. Decisions to search are evaluated on a case-by-case basis when there is reason to believe that a violation has occurred or is taking place in that room or area.
11. The institution generally requires outside police or other government officials to have a valid warrant to search a student's campus room or apartment, except where there is imminent threat of serious harm to students or the institution community. The institution, in accordance with applicable law, will determine whether a warrant is required in a particular case.
12. CCCTS students may be asked to submit to a breathalyzer or a hair test, a search of their person and/or a search of personal property when reasonable suspicion exists that the student may have violated the code of conduct. Reasonable suspicion exists where the facts and circumstances within the knowledge of the institution indicate that a violation has been or is being committed. While students have the right to refuse, students who do not comply with an institution investigation or a reasonable request for information may face disciplinary action.

C. The Standards of Behavior

CCCTS is committed to providing a safe, caring and inclusive learning and working environment by promoting respect,
responsible citizenship and academic excellence. A positive school climate exists when all members of the institutional community feel safe, comfortable and accepted.

The Standards of Behavior outlines apply to all members of the school community, including students, parents and guardians, school staff and faculty, volunteers and visitors when

1. On school property;
2. Traveling on a school owned, leased, or rented vehicle;
3. Participating in extra-curricular activities;
4. Participating in off-site institutional sponsored activities; or
5. Engaging in an activity which will have an impact on the school climate

All members of the school community are expected to:

1. Respect and comply with federal, provincial and municipal laws;
2. Demonstrate honesty and integrity;
3. Respect the rights of others and treat one another with dignity and respect at all times, regardless of economic status, race, color, national or ethnic origin, language group, sex, gender, age, or ability;
4. Show proper care and regard for school property and the property of others;
5. Take appropriate measures to help those in need; and
6. Demonstrate best efforts during all school based activities.

D. Inappropriate Behaviors

In abiding by CCCTS’s Standard of Behavior, all members of the school community are expected to refrain from:

1. Breaking federal, provincial, or municipal laws;
2. Any behavior that discriminates based on economic status, race, color, national or ethnic origin, language group, sex, gender, age, or ability;
3. The institution strictly forbids all hazing, violent, or bullying behavior (physical, verbal, social, electronic) that intentionally hurts (physically, socially, or emotionally) another person. The institution will not tolerate any student's participation in unethical, immoral, or illegal acts. Disciplinary action will occur which may include, but not be limited to, expulsion.
4. Making derogatory or hateful comments towards an individual or group of people;
5. Threatening an individual or group of people;
6. Threatening to damage or destroy property;
7. Injuring an individual, group of people or property;
8. Using technology to intentionally abuse or bully another person;
9. Using technology to interfere with the positive climate of the school;
10. Using language that is violent, profane or discriminatory;
11. Wearing clothes that depict violence, profanity or discrimination;
12. Cheating, Plagiarism, and other acts of academic misconduct;
13. Furnishing false information; using forged documents, or alteration of records or identification;
14. Disruption or obstruction of teaching, research, administration, student conduct proceedings, or other institutional activities, both on and off campus, and all acts of flagrant disrespect for the institution or one of its guests;
15. Unauthorized or misuse of institutional facilities;
16. Use, possession, distribution, sale, manufacture, or evidence of consumption of controlled substances or illegal drugs, including misuse of over-the-counter drugs, possessing drug paraphernalia for intended or implied use;
17. Using tobacco products on campus (CCCTS is a tobacco free campus);
18. Use, possession, sale, or distribution of alcoholic beverages on campus or while engaged in any institution-related function, on or off campus. NOTE: Students should read the complete “Drug and Alcohol Policies” in the Student Handbook.
19. Engaging in games of chance, including all forms of gambling, lotteries and raffles;
20. Sexual impropriety;
21. Inappropriate language;
22. The possession of, legally or illegally, or threat of the use of any weapon, including, but not limited to, firearms,
ammunition, explosives, fireworks, air rifles, pellet guns, paintball guns, dangerous chemicals, knives with blades longer than five inches or any other weapons or any imitation that could be used to cause fear in another person on CCCTS property.

23. Conduct that disrupts the normal operations of CCCTS and infringes on the rights of other members of the community; conduct that is disorderly, lewd or indecent; breach of peace, or aiding, abetting or procuring another person to breach the peace on CCCTS campus or at functions sponsored by or participated in by CCCTS;

24. Computer violations, including theft of equipment, hacking or unauthorized entry into a file, or unauthorized transfer of a file; unauthorized use of another individuals identification and password, or other violation of computer and internet policies.

25. Sexual misconduct as defined by Title IX of the Education Amendments of 1972 and the Violence Against Women Reauthorization Act of 2013; including sexual harassment, sexual assault, non-consensual sexual intercourse (rape), sexual exploitation and stalking;

26. Violation of CCCTS policies, rules and regulations including, but not limited to, those of Academic Affairs, Student Life, etc.

E. Brief Summary
All students are expected to uphold the moral and spiritual ideology of Charlotte Christian College and Theological Seminary, depict admiration and respect to peers and others, whether over or under you in authority. Students are required to conform to the CCCTS social, academic, and spiritual standards; and acknowledge it their duty to live a Christian lifestyle compliant with the admonition of biblical teaching.

Procedures for Admission
Before an admission decision can be made for any individual applicant to CCCTS, all admissions components must be submitted to the Admissions Office from the CCCTS website, www.charlottechristian.edu, in the Future Students tab. Upon starting an application, an applicant is sent an email verification. Once the email address is verified, the applicant is then sent a second email containing instructions and a link that will allow access to the application whenever they wish to work on it.

A. Application Components for Admissions
1. Application: Personal Information, Emergency Contacts, Degree desired, Academic Background, References, Photo ID, and a Writing Sample submitted electronically through Populi, CCCTS' Student Management System, following the application process from the CCCTS website.

2. References: The Pastor/Church Reference is only required for applicants to the Bachelor of Arts in Pastoral Studies, Master of Divinity, and Doctor of Ministry programs, completed by the appropriate person and emailed to the Office of Admissions. The Character Reference must also be completed by the appropriate person and emailed to the Office of Admissions.

3. Church and/or Civic Involvement Information: Involvement in any church or civic services, including volunteer opportunities and church related responsibilities and the organizations involved. Involvement in these activities is not a requirement for admission except in the Bachelor of Arts in Pastoral Studies, Master of Divinity and Doctor of Ministry programs.

4. Application Fee: Located under FINANCIAL INFORMATION in the current Catalog.

5. Transcripts: All applicants must provide a High School Transcript or its equivalent (as defined by the U.S. Department of Education), unless a student has already successfully completed at least a post-secondary two-year degree program. Applicants must provide all official postsecondary transcripts within the degree level to which they are applying, plus the transcript for the degree under the level for which the student is applying, unless the student already has a degree on the same level, in which case that transcript which states the date on which the degree was conferred will be required. Students must list all schools attended and provide all required transcripts. Generally, transcripts with the degree level for which the student is applying are required to aid in the transfer of credit. CCCTS does not accept unofficial transcripts. While the institution may be able to order your transcripts for you, it is ultimately the student's responsibility to assure official transcripts are received. A full acceptance cannot be granted until all relevant official transcripts have been received in the admissions office.

6. International Students: International Prospective Students who are in need of a Form I-20 are required to complete a TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) and submit the first year’s tuition and fees before the I-20 can be generated. International transcripts and non-English transcripts may require a third party verification with the student being required to pay for the verification. Additional documentation may be required of International
applicants.

7. Writing Sample for Undergraduate Degree Program Applicants: Applicants for all undergraduate programs are to submit a writing sample in the form of their personal salvation experience or a 100-150-word essay of their choosing.

8. Writing Sample for Master's Degree Program Applicants: Applicants for Master's degree programs must submit a writing sample in the form of a 1000-2000 word essay. Instructions for the essay topic are included in the Application. The Admissions Review Committee (ARC) will make the final decision for admission. The committee consists of the Director of Admissions, Vice President of Academic Affairs, Vice President of Student Affairs and the Head of the Department of the degree program in which the applicant is applying.

9. Doctoral Degree Program Applicants: Applicants for the Doctoral degree program must also have all post-secondary transcripts showing degrees and dates issued on file. Admission into the Doctor of Ministry degree program will require either a Master of Divinity from a recognized accredited college with at least a 3.0 grade point average, or its equivalent in an approved Masters to Master of Divinity Extended Degree Program, plus evidence of additional study germane to the student's area of ministry. A minimum of three years in the ministry as pastor, missionary or chaplain, as well as ongoing work in ministry, is also required. More information on the Doctoral Degree Program admissions requirements can be found under the Doctor of Ministry Program information.

10. Valid Identification Requirement: A federal, state or local government issued identification is required for admission in all degree programs. The ID issued must contain a photograph and information such as name, date of birth, sex, height, eye color and address. Exceptions may be made for minors under the age of 18 and certain individuals with disabilities who are unable to produce any of the above listed identity documents in order to establish the person’s identity.

B. Admissions Decision Procedures

Admissions decisions are made on an individual basis. Undergraduate decisions are made within the Admissions Office. Graduate and Post-graduate decisions are reviewed by an admissions committee to determine if the applicant's academic history and preparation is satisfactory. The committee may require a personal interview.

Enrollment in a degree program may be limited by the availability of faculty, staff, facilities, area of interest, or financial resources. In such cases, it may not be possible to admit all students who are otherwise qualified.

Students may be admitted into full or provisional status. A student's admission status may also include a condition specified in the letter of acceptance. Applicants should consider themselves admitted only when official notification has been received from the Office of Admissions. Please note that admission is permitted for only one-degree program at a time with the following exception: students having completed 120 credit hours toward their undergraduate degree program at this institution may be granted conditional acceptance to begin work in a graduate program while completing the undergraduate degree. The student must complete the undergraduate degree within two semesters to remain in the graduate program.

The admissions committee will designate a specific term (Fall, Spring, or Summer) for which the student is accepted. Students applying for a graduate program or dually enrolled may have the application fee waived if the student is moving into the graduate program the next term. Applicants should have all application components submitted at least three weeks prior to the semester for which the applicant is applying. Applicants may request a change in that term for up to one year. When a student does not register for the term admitted or is denied admission, the application materials submitted are retained for one year before being deleted. The institution does not retain applications on a student who fails to begin the program within twelve months of acceptance. If a student decides to reapply after this one-year period, the student will be required to resubmit all the application materials as well as the non-refundable application fee.

Applicants receive one of the following four decisions:

1. Full Admission: In order to receive full admission, the student must demonstrate potential for success in their degree field of study. Admission standards may vary based upon the degree program, with some having higher admissions standards; please contact the Office of Admissions for the requirements for your field of interest.

2. Provisional Admission: The institution may grant provisional admission when the Admissions Committee determines the student has not met all of the requirements for full admission, but all evidence points to the student being able to meet all requirements by the end of their first semester. Students admitted provisionally may be suspended without a probationary period if the provisions placed on their admissions have not been met.
The institution may grant provisional admission to a student when some type of deficiency is noted in the student's academic work, such as:

- The student transferring in has less than the required cumulative GPA, but is within .25 of the required GPA;
- The student's previous academic work does not appear to be of sufficient rigor;
- The Admissions Committee identifies academic weaknesses that may adversely affect the student's academic success.

Graduate Programs may grant provisional admission due to deficiency in requirements needed. The following stipulations apply:

- The institution will list the deficiency in writing on the official acceptance letter from the Office of Admissions or the Head of the Department of the chosen degree field before the first day of the term the student begins his/her graduate studies;
- The department will require regular meetings with an advisor to help monitor progress and verify completion of the deficient area(s) of study in a timely manner;
- Provisions stated in the acceptance letter must be satisfied within the first fifty percent of the required degree hours.

3. Admission with Condition: A student admitted into either full or provisional status may have a condition placed on their admission. The institution typically grants a condition for one semester to an applicant who is missing one or more required documents, such as a final official transcript, but is otherwise deemed suitable for admission. Such applicants may be requested to secure a notarized statement concerning their academic career from an authoritative source or to provide other support documents. The student must show cause to convince the institution that it is reasonable to assume the missing document(s) can be provided by the student within five months. Admission is conditional for only one semester and the student must submit the required documents before being permitted to attend a second semester. When a condition is placed on a student's admission, a corresponding hold is placed on the student's record that will prevent registration until the hold is removed. All conditions must be satisfied by the end of the first term in order to receive credit for any courses completed. It is fully the student's responsibility to fulfill all conditions and is in no way the institution's responsibility.

Students in the undergraduate program at CCCTS with at least 120 semester hours of bachelor level work may apply for acceptance into a graduate program at CCCTS with the condition that the student completes their bachelor degree within two semesters. The student must have an acceptable grade point average and meet all other graduate degree requirements for the desired program. If accepted into the graduate program, the student will be concurrently enrolled in both the undergraduate and graduate programs, but will be considered a graduate student of the program into which they are accepted. As such, the student is considered enrolled into only one program and should understand the financial implications of being concurrently enrolled. If the student does not complete their bachelor's degree within the specified time, they will be removed from the graduate program with no guarantee of readmission.

4. Admission Denial: The institution may deny a candidate admission based on any of the following reasons:

- academic evaluation,
- spiritual weakness or immaturity,
- weak references or lack of community involvement,
- inability to handle the stress and rigor of academic life,
- failure to comply with all admission requirements, or
- the availability of space and faculty.

The institution does not provide an explanation of admission denial. Departments may recommend enrollment as a non-degree student or completion of additional undergraduate coursework to improve the student's GPA standing and provide evidence of the student's ability to succeed in school. The falsification, omission, or willful suppression by the applicant of any information requested, whether on any of the application components or in any interview are grounds for denial of admission and/or dismissal from CCCTS.

The failure of the student to fulfill the conditions of acceptance and/or the terms of a provisional acceptance is grounds for denial of full acceptance and dismissal from CCCTS.

Policy on Ability to Benefit

Students who do not meet the admission requirements into an undergraduate degree program or who do not desire a degree may be given permission to enroll by the Vice President of Academic Affairs. This category of undergraduate level students includes the following: Students who desire only to audit courses for non-degree credit, high school students concurrently enrolled in CCCTS, or adults over 30 years of age who do not meet the regular admission requirements. Bachelor level
students accepted under “Ability to Benefit” are restricted to nine credit hours their first semester. This restriction is lifted if the student's GPA is 2.0 or higher. If the student's GPA is below 2.0 the student may remain on restriction, have hours reduced, or lose the privilege to continue.

Students who do not meet the admission requirements into the master degree program, or who do not desire a degree may be given permission to enroll by the Vice President of Academic Affairs. This category of master level student includes: students who desire only to audit courses for non-degree credit, students concurrently enrolled at CCCTS with at least 120 semester hours of bachelor level work, or adults over 35 years of age who do not meet the regular admission requirements. These students may be received into master level course work and limited to six credit hours per semester to determine if the student can perform on the master level. Once the student proves their ability to perform master level course work and to maintain a 2.5 GPA or higher, the Vice President of Academic Affairs may allow the student admission into the master degree program.

The “Ability to Benefit” as defined by the institution and as defined by the U.S. Department of Education is different. As of July 1, 2012, persons qualifying for acceptance to the institution under this policy do not qualify for federal financial aid. If this affects you, you should speak with the Vice President of Academic Affairs and the Financial Aid Officer.

Policy on Auditing Classes
A person, student or non-student may choose to audit classes for no credit if space is available; students taking a course for credit are given priority. Auditing a course allows a student to take a class without benefit of a grade or credit for the course. A student who audits a course does not officially register for the course. The course is offered only on a space-available basis with the approval of both the instructor and Registrar.

A permit to audit must be completed and returned to the Office of the Registrar by the last day of Drop/Add. The Permit is required for all persons desiring to audit a course, including degree-seeking students desiring to audit a course for purposes of self-enrichment, subject review, or academic exploration. Students registering to audit a course on Populi must still complete the Permit to Audit a Course Form, obtainable at any time from the Office of the Registrar or in the Populi Shared Files.

Course fees for audited courses are paid separately from courses for credit. Title IV Funds and institutional scholarships and grants may not be used for audit courses. Persons auditing classes pay a flat per-class auditing fee instead of tuition. Auditing students are not required to take exams, or do projects. No grade, CEU credit or certificate for auditing will be provided for the course, but an “AU” for the course will appear on the student’s transcript. Any class participation by the audit student will be determined by the instructor.

Students enrolled in a course for credit may not change their status to audit the course. However, should the auditing student decide to request credit for the course, they may do so only under the following circumstances:

- Request the change in writing, using the appropriate form.
- Obtain approval from the Vice President of Academic Affairs.
- Obtain approval from the professor and verify with the course syllabus that no graded assignment due date has passed. If the class is past the due date of the first graded assignment (exam, report, project, etc.) the student cannot make the change.
- Pay the stipulated fee (Drop/Add Fee).
- Pay the standard rate of tuition for the course. (See fee schedule)

Residents living within driving distance who are over the age of sixty (60) and Alumni may audit courses for half price. The institution offers this as a service to the community out of a desire to continue investing in its Alumni to help them stay current in ministry and to be life-long learners.

All Course Auditing is based on space availability and is not guaranteed. For this reason, students auditing courses are not permitted to be placed in a seat until all degree-granting students are placed. Students registering online to audit a course are removed and placed on a waiting list until all degree-seeking students needing the course are registered and seated. Persons wanting to audit a course are not seated until the first day of class.

Class Attendance
For the first week of the course, the attendance is taken by the professor (residential courses) or by the completion of the pre-course checklist quiz or by participating in a graded assignment (distance learning courses). Failure to attend the first week of the course may result in the student being dropped from the course and forfeiture of any refund owed the student through Title IV and
other financial aid assistance. Attendance for residential courses is to be taken and recorded in Populi each week.

If a student does not academically participate (defined as submitting an assignment, taking an exam or quiz, participating in a webinar or other form of live interaction, or participating in a graded discussion assignment) in a distance learning course for an entire week (Monday-Sunday), then that student is considered absent for the week.

CCCTS policy dictates that non-attendance is an unofficial withdrawal from class. The institution defines non-attendance as missing or failing to participate in twenty percent (20%) of class. This translates into missing more than three (3) classes during the spring and fall semesters, two (2) classes during the summer session or two (2) weeks of nonparticipation in distance learning courses. Federal policy states that any student who ceases attendance during a payment period or period of enrollment is a withdrawal for Title IV purposes. Due to this unofficial withdrawal, the Institution has to return unearned funds to the Federal Government (G5) Bank, and the student will then become responsible for paying the Institution for the class that was not completed or properly withdrawn from. No additional Title IV funds will be available to the students through this Institution until his/her account balance is paid in full.

Any exception to this unofficial withdrawal may be made only by a consultation with the professor of record, and either his or her department head, and or the VPAA.

Inclement Weather / Unplanned Closing
Charlotte Christian College and Theological Seminary will hold classes according to schedule. In the event of inclement weather or any unplanned closing, emergency notifications will be sent via Short Message Service (SMS) to alert faculty, staff and students who have opted into SMS notifications (USA and Canada only), otherwise via email. Administration will post closings, delays, or early dismissal on local television stations. Faculty, staff and students normally live within seventy-five miles of the main campus, and weather and road conditions within this circumference greatly influences the decision to close, delay, or dismiss classes early. The ultimate goal is to ensure the safety of all students, faculty and staff.

Academic Records
The academic record of each student is permanently maintained either in hard copy form at the institution or, as of the Fall 2015 Semester, in electronic form in the institution's college management system in the Student Profile as a reflection of his/her efforts while enrolled. CCCTS follows the guidelines for maintaining and granting access to student records in keeping with the Family Educational Rights and Privacy Act (FERPA). CCCTS will not reveal or release personal records, including transcripts, except by written or electronic consent of the student. Students wanting to release personal records must submit the request in writing or submit a FERPA Release Form to the Registrar’s Office. Transcript requests and payments must be submitted from the CCCTS website, www.charlottechristian.edu, from the Alumni tab.

The student’s permanent file will contain the student's application information, transcript, any disciplinary action taken against the student, honors and degrees earned, submitted forms, financial records and any important correspondences concerning the student. Files that are sealed or locked for non-payment will retain financial records until payment is made in full and files are unsealed or unlocked. No transcript will be released when files are sealed or locked for non-payment, except as required by law.

Any exception to this unofficial withdrawal may be made only by a consultation with the professor of record, and either his or her department head, and or the VPAA.

Mature Believers realize that the Lord expects them to “Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth” (II Timothy 2:15, KJV). CCCTS believes that the student’s transcript bears an earthly record of the student’s obedience to this Scripture, that it is a very important item, and that the student may be required to provide it for future employment opportunities. Therefore, students should always be mindful of their grade point average, do their best in all classes, and periodically review their transcript for accuracy.

Drug Policy
Charlotte Christian College and Theological Seminary is a Drug Free Campus. We do not allow illegal drugs on campus, nor do we permit the use of tobacco or alcohol by students, faculty, staff or guests. To learn more, see page 34 of The Student Handbook.

Guidance and Counseling
The faculty and administrators are available to provide guidance to students in matters relating to their educational and spiritual
preparation. Should a student need extensive counseling dealing with life issues, the advisor assigned to the student at the time of acceptance will gladly assist the student. If the advisor does not feel competent to assist in a given situation, she/he may refer the student to another professional. Students are encouraged to discuss concerns with the Vice President of Student Affairs, acting Vice President of Student Affairs, faculty or administrators as they feel the need.

New Student Orientation
All students new to the institution must complete the online “New Student Orientation” (NSO) prior to the beginning of class. The Vice President of Student Affairs is assigned the responsibility of planning and implementing the NSO.

Through the NSO, new students will learn basic policy and procedure to carry them through their studies. The NSO is laid out as a course to assist new students in understanding how various portions of the Student Information System (called Populi) works. The mastery of this system is required for the success of all students, both residential and distance learning. The orientation process includes information relevant to the student's success at the institution.

The online New Student Orientation is mandatory. Each student is held accountable for information covered in the supplied handbooks, which includes, but is not limited to: CCCTS Doctrinal and Philosophy Statements; Attendance Policy; Policies Concerning Conduct, Cheating, and Plagiarism; and Policy on Due Process. Once completed, a completion statement by the student and emailed to the VPSA is required to attest to the student's receipt and reading of the following: The Catalog; Financial Aid Handbook; Student Handbook; and Library Handbook.

There is no charge for this short online workshop, and students may only register for classes after they have successfully completed it. Success will be measured by grades for predetermined assignments. The NSO may be retaken as many times as needed.

Military Leave of Students
Unless there are very unusual circumstances, students are expected to be present for every session of class and adhere strictly to the “Attendance Policy.” If a student knows that he/she will need to be absent for a session(s), a letter stating such must be submitted to both the instructor and the Vice President of Academic Affairs. The instructor will be responsible to give the student a schedule to instruct the student on how to compensate for the missed classes. In case of military deployment, that time will be extended to ninety days past the time of return. If a student is activated or deployed, he/she will receive an incomplete for the semester. The instructor will convey to the student in writing his/her responsibilities for fulfilling the requirements of the course.

It is the desire of CCCTS to work with those in the military to assist military personnel in being able to complete coursework. However, military students are expected to conform to the policies, procedures, rules, and regulations of the institution, and not to use the military as an excuse for non-compliance to said regulations.

Definition of Credit Hour
Without regard to length of academic term, an undergraduate credit hour is equal to one (1) hour of classroom or direct faculty instruction (a session) with a minimum of two (2) hours of out-of-class work, and a graduate credit hour is equal to one (1) hour of classroom or direct faculty instruction with a minimum of three (3) hours of out-of-class work. One (1) credit hour courses will meet no less than 15 sessions, two (2) credit hour courses will meet no less than 30 sessions, three (3) credit hour courses will meet no less than 45 sessions. Number of sessions and student work for courses awarding credit above three (3) hours will be adjusted accordingly.

Transfer of Credits
No credit will be transferred from another institution for a course where the student earned below a “C”. Courses taken at other institutions must be equivalent in content to the courses at CCCTS in order to receive transfer credit. Students transferring credits must maintain the minimum required GPA in their degree program in order to graduate. Transfer credit may not exceed more than 50% of the required credits for any master level degree program. Transfer credit may not exceed more than 75% of the required credits for any undergraduate degree program. An official transcript must be provided to CCCTS as part of the admissions process. Under the direction of the Vice President of Academic Affairs, the Registrar will evaluate the student's official transcript to determine which courses will transfer. The Registrar will then notify the student of transferable credits prior to acceptance. This will ensure that no duplicate courses are taken by the student.

Credits are transferred from institutions that are appropriately accredited by an accrediting agency recognized by the Council for Higher Education Accreditation (CHEA) or the US Department of Education, or which CCCTS recognizes as a legitimate degree-
granting institution. CCCTS will evaluate transfer of credit from non-accredited institutions on an individual basis. Such factors as an evaluation of their academic catalog, faculty credentials, course offerings, and degree requirements will be considered. All courses transferred must have been completed within an appropriate time frame. Any remedial classes taken on the undergraduate level are not eligible for transfer. Students transferring to CCCTS from a non-accredited institution may be admitted on a probationary basis.

Credits found to be acceptable from military training may also be considered for transfer. The Registrar, under the direction of the Vice President of Academic Affairs will make the final determination.

**Supervised Instruction**

Students may take by supervised instruction a course in the institution’s curriculum with the approval of the instructor, advisor, and the Vice President of Academic Affairs. It should be employed only in cases of extreme scheduling conflict or when deemed in the best interest of the student. The student meets with the instructor individually during regular class hours and completes most of the course work through structured assignments. A course that is being offered during a particular semester cannot normally be taken by supervised instruction. Faculty members are not permitted to supervise more than six (6) semester hours of supervised instruction concurrently.

Course requirements for supervised instruction are generally greater than the requirements for the same course taught in structured classes. The learning objectives of the course are the same. Supervised instruction is approved only for students of high ability (generally requiring a cumulative GPA of 3.0 or higher) and motivation, in as much as it requires more time, concentration, and initiative for successful completion. The student should also be in good standing with the institution. A course in which a student has previously earned a grade of “D” or “F” may not be repeated through supervised instruction. There is an additional tuition charge over the regular tuition of $75.00 per credit hour for courses offered through supervised instruction.

**Course Addition or Withdrawal**

The final day to drop or add a course, without charge or academic penalty, is the stated deadline specified in the Academic Calendar each new semester. CCCTS will assess a $25.00 fee for each course addition after the first day of class. Under no circumstances may a student add a class after the second meeting of the class or without the approval of the Registrar.

CCCTS will assess a $25.00 fee for each course withdrawal after the first day of class. The student must fill out a “Class Change Form,” obtain the required departmental signatures and submit the completed form to the Registrar. In cases of withdrawal, the Registrar will submit a grade of “W.”

Penalties for Withdrawal: Students who withdraw or are dismissed at any time during the semester may be subject to the returning of Title IV funds, institutional scholarships, and grants (institutional and/or vendors). Institutional scholarships and grants are to be returned at 100% due to failure to complete the semester. The returning of Title IV funds is based on a federal percentage re-calculation formula.

**The Grading System**

- **A–(93-100)** Exceptional comprehension and mastery of the subject matter and the ability to apply the learned material to life and ministry.
- **B–(85-92)** Exhibits a significant understanding and command of the subject matter.
- **C–(77-84)** Student has an average understanding of the subject matter.
- **D–(70-76)** Knowledge of the material is limited and the professor believes that the student would not benefit from repeating the course.
- **F–(Below70)** Failure to master the essentials and the necessity of repeating the course before credit may be allowed.
- **W–** Used in cases of authorized withdrawal after the drop/add deadline.
- **I–(Incomplete)** In extraordinary circumstances, which prevent a student from completing the requirements of a course on time, the student must request an incomplete grade by submitting an Incomplete Grade Request Form to the Professor, who may either grant or deny the request. If granted, the professor submits the form to the appropriate Dept. Chair for final approval. The instructor will then assign the letter grade of “I”. The student then must complete the course assignment work no later than the end of the eighth week of the following academic session in order to gain credit for that course. If the work is not completed and turned in to the instructor by the deadline of eight weeks, then the student will receive a grade of “F” for that course.
- **TR–(Transfer of Credit)** Reflects credit hours transferred in from another institution.
- **AU–(Audit)** Reflects that the course was not taken for credit; tests, research, and projects were not required.
R–(Retake) Reflects that the course was retaken under special circumstances.

Quality Points
Quality points are awarded by the grade received for each course taken. One point is awarded for a grade of “D,” two points are awarded for a grade of “C,” three points are awarded for a grade of “B,” and four points are awarded for a grade of “A.” The total number of quality points is found by multiplying the credit hours of the course by the initial quality points for the grade. The Grade Point Average can then be calculated by dividing the sum total of the Quality Points by the sum total of the credit hours.

Academic Probation
Students on both the undergraduate and graduate level must maintain the minimum GPA required for the particular degree in which the student is enrolled. Any student falling below the required minimum GPA will be notified in writing by the VPAA that he/she is being placed on academic probation. The student will have two semesters to achieve the minimum grade point average. During this time, the student is required to meet regularly with his/her advisor and may be limited to the number of credit hours he/she is permitted to register for. If at the end of the probationary period the student does not achieve the required GPA, the student's academic work will be reviewed by the VPAA to determine if the student will be permitted to continue as a student. If the student is dismissed on academic grounds, he/she may reapply after a one-year period, but must return on academic probation.

A student may be subject to dismissal at the end of any term the student has a cumulative grade point average below 1.0, or if the GPA is so low that, in view of the student's over-all educational record, it seems unlikely that the deficiency will be removed within a reasonable period, thus activating the Student Academic Progress (SAP) policy which can be viewed under Financial Information. While on academic probation, the student will report regularly to their advisor. The advisor will determine the student's academic progress and make recommendations to assist the student in their academic pursuits. The advisor will log and maintain records of the student's work, the meetings between advisor and student, and the advisor's impressions of the student's efforts in the student's Profile in the Institution's Student Information System or Student Academic System (SIS/SAS).

No course credit is given for a grade of “F”. Students receiving the grade of “F” in a required course must retake the course. Once the student receives a passing grade, the “F” is replaced with an “R” to show that the course was retaken. Therefore, the course will appear more than once showing an “R” for the course originally failed and the passing grade for the semester the course is passed. Any student failing a required course for the third time is automatically dismissed from the institution on academic grounds, even if the student's GPA is above the required minimum. The only exception to the replacing of an “F” when retaking a course is an “F” received for cheating. A failing grade for cheating will not be removed from a student's record, even though a student retakes a required course and receives a passing grade. Any graduate student committing plagiarism on their thesis, dissertation or doctoral project will not be allowed to complete their degree program, will be expelled as a student and will not be allowed to reapply at CCCTS.

Due to the seriousness of failing a required course for the third time being permanent expulsion from the institution, all students retaking a course that is required for their degree program are required to meet with their academic advisor a minimum of two times during their first retake. The student's academic advisor will discuss ways to assist the student and carefully document the plan in the SIS/SAS used by the Institution. The plan should outline specific steps to assist the student (e.g., alternative ways to read and comprehend course materials, how to obtain tutoring in the subject, etcetera). Before registering to retake a course for the third and final time, the student is required to meet with the Vice President of Academic Affairs. This meeting is to help the student understand the seriousness of failing the course for the third time, to suggest ways and methods of helping the student successfully complete the required course, and to lay out a plan for the student's success. This plan is to be carefully outlined in the SIS/SAS for the benefit of the student's academic advisor. During the third and final retake, the student must meet with their academic advisor at least twice and may also be required to meet with the Vice President of Academic Affairs. This action is required when retaking a course, even if the student's GPA does not place the student on academic probation.

Students are not permitted to graduate while on academic probation.

Graduation
It is the student’s responsibility to check and update their academic record to determine if all qualifications have been met for graduation. No student will be allowed to graduate until all tuition, fees and fines are paid no later than six weeks prior to
Graduation. Students who qualify to graduate must submit a completed Graduation Application to the Registrar's Office no later than the mid-terms of their final semester. Students must also complete the Graduation Approval Form and obtain all signatures by April 1 as well as a Graduating Student Survey. The survey is to be turned to the Vice President of Academic Affairs at the student's final exit interview, which the student will need to make an appointment for during their final semester. All three forms can be found posted in the Populi shared files.

Graduation Honors Recognition
The honor roll, compiled at the end of each semester, lists the names of students whose grade records are considerably above average. The minimum qualifying grade point average is 3.5 or above on those courses for which credits are given. Students who have a grade point average of 3.5 up to 3.94 will be placed on the Dean's List. Students who have a grade point average of 3.95 up to 4.0 will be placed on the President's List, the highest of all honors. The Dean's List and the President's List will be posted.

To be eligible for the honor roll, a student must not only have the stipulated grade point average but also must have been registered fulltime in their chosen degree level for the semester listed, as defined by the U.S. Department of Education for receiving Title IV funds, and have no incomplete or failing grade for that semester. In addition, students receiving Academic Honors must exhibit high moral integrity, owe no tuition, fees, or fines, and be in good standing with the institution by having complied with all personal obligations to CCCTS.

Graduation with honors is accorded to all graduates who achieve at least a 3.5 cumulative grade point average for courses taken at CCCTS in their completed degree program. The faculty must recommend that the student graduate with honors. CCCTS bases graduation with honors on the following levels of achievement:

- **Cum Laude** 3.50 to 3.74 cumulative GPA
- **Magna cum Laude** 3.75 to 3.94 cumulative GPA
- **Summa cum Laude** 3.95 or higher cumulative GPA

Students graduating with a 4.0 GPA will receive special recognition along with a Presidential Award.

Student Complaints and Due Process
All student complaints and grievances are overseen by the Vice President of Student Affairs or the Vice President of Academic Affairs.

Complaints
While the institution tries hard to provide a variety of appropriate student services, which effectively support the educational, social, spiritual and moral development of the students, the institution recognizes that from time to time a student may have a grievance they wish to voice.

The institution uses several tools to gauge student satisfaction with services provided through the following methods:

- The institution regularly takes surveys to help the leadership better understand the student's thoughts and impressions concerning student services.
- Administration attempts to promote and maintain an open-door policy to encourage students to share concerns and complaints.
- The Board allows the President of the Student Government Association to request placement on the agenda to attend and address serious concerns of the student body.

However, the institution understands that this may not be convenient or sufficient; therefore, this policy communicates appropriate steps students may take in sharing those grievances in a positive and confidential manner.

Should a student experience displeasure or desire and choose to prayerfully pursue the issue, the student must determine if his/her situation requires "Due Process" (usually relates to personal differences between two parties, causing one party to feel mistreated, such as displeasure concerning a grade or seating arrangement), or "The Policy on Student Complaints", which refers more to displeasure concerning student services (snacks, library services, parking, etc.).

The institution has chosen to use a well-known assessment technique for identifying issues known as WOTS-UP STUDENT, which is an acronym for Weaknesses, Opportunities, Threats, and Strengths. This process helps the Institution's leadership identify changes and improvements that need to be made. For more information on how to utilize the WOTS-UP assessment, please refer to page 30 of the Student Handbook.
Due Process
In order to assure students of receiving fair consideration of problems, CCCTS has established the following channel of review and appeal, without prejudice, to higher levels of authority:

1. Should a problem exist, the student should attempt to resolve the grievance by discussing it with the parties involved.
2. If the matter cannot be resolved in this manner, the student should go to their assigned advisor for help and assistance.
3. If the matter is not resolved to the student’s satisfaction, the student may (1) contact the office of the Vice President of Academic Affairs or the acting VPAA if the issue is academic in nature; or (2) the Vice President of Student Affairs, or the acting VPSA, if the issue is other than academic, and request an appointment. The student should be prepared to provide documentation and supporting evidence to the appropriate Vice President related to the grievance during the appointment. If the matter still is not resolved to the student’s satisfaction, the student may contact the Office of the President, in writing, requesting to schedule a hearing.
4. The office of the President will call the student to arrange a date for the hearing. A written detailed statement of the formal grievance with supporting documentation must be submitted to the Office of the President at least seven days before the hearing. All parties will be requested to attend the hearing and the President’s decision shall be final.
5. All information and records of complaints, appeals and proceedings are securely maintained in the Office of the President.

FINANCIAL INFORMATION

**Tuition and Fees**
Arrangement for the full payment of tuition must be made in advance of the start of any class. All fees must be paid at the appropriate time and are not refundable.

**Associate and Bachelor Level Costs for 2018-2019:**
The method for calculating tuition rates for the 2018-2019 school year for the undergraduate level will continue on a flat rate basis for students enrolled in classes having combined academic credits of twelve (12) to eighteen (18) credit hours per semester at $10,048.00 annually or $5,024.00 each semester, plus matriculation, distance education and student activity fees payable at the time of registration. Students taking less than 12 hours shall be classified as part-time students, and tuition shall be charged at a rate of $454.00 per credit hour plus all appropriate fees. This rate also applies for all summer courses. Students taking more than 18 hours shall pay an overload fee of $454.00 for each additional credit hour.

Tuition and fee rates will be locked in for the academic year in which a student enters their chosen degree program and will not increase provided that the student remains enrolled continuously. Should a student need to take time off from their studies, the tuition and fee rates will remain locked for one year. Once a student has been absent for one year, they must reapply to their program and will be charged the tuition and fee rates for the academic year in which they reentered.

**Master Level Costs for 2018-2019:**
- Cost of Tuition (per course) **1,278.00**
  *requires special permission to take more than six courses; less than nine credit hours is considered part-time*

**NOTE**: Charlotte Christian College and Theological Seminary provides free Wi-Fi for the entire Campus. All students are required to have a laptop, IPad, or notebook computer for personal use and study, both on and off Campus. Students may ask the Registrar for a stat sheet of computer requirements.

**Satisfactory Academic Progress (SAP)**

The federal government requires that any school receiving federal (Title IV) funds develop, implement, and disseminate a Satisfactory Academic Progress (SAP) policy for all Title IV aid recipients. In order to remain eligible for Title IV funds, CCCTS students must be making satisfactory academic progress in their course of study. This standard is measured in two ways.

- **Qualitative Requirement - Satisfactory Grade Point Average (GPA):** By the end of each semester of attendance (including all prior colleges and regardless of the number of credits taken), the student must have a minimum 2.0 GPA on the undergraduate level, and a minimum 2.50 GPA on the graduate level at CCCTS in order to continue to be eligible for financial aid.

- **Quantitative Requirement (the 150% Rule) - Satisfactory Length of Time:** Students must complete at least 75% of all attempted credits. Every class that is taken counts as “attempted credits,” but a class will count as “earned credits” only once, no matter how many times the class is taken. For an undergraduate program the time frame cannot exceed 150% of the published length of the program measured in semester credit hours. Therefore, if the published length of an academic program is 128 credit hours, the maximum period must not exceed 192 (128 x 1.5). Thus, a new student, entering the institution for the first time could have up to six years to complete their degree, provided all other criteria are met.

**Notification of SAP Status:** If, after one semester of enrollment (including all prior colleges and regardless of the number of credits taken) a student is not meeting SAP requirements, any or all of the following actions may be taken by the Financial Aid Office or the Office of the Vice President of Academic Affairs to warn a student of impending suspension of financial aid:

- The student will be sent a written warning to outline the SAP requirements and consequences of non-compliance.
- The student’s academic advisor will be notified to allow for counseling and possible academic planning to avoid financial disqualification.
- The Office of the Vice President of Academic Affairs will be notified to allow for counseling and intervention.
- The student will create a plan of action to ensure progress in program completion in accordance with SAP policy. The student Aid Committee may require another form of intervention that may be personalized for the student's specific circumstances.
Refunds and Withdrawals
The institution must plan and budget for each semester based upon the number of students who register. The withdrawal policy reflects the fact that many of the fixed expenses of operating an education program are already allocated when students register and are not diminished by the student's withdrawal.

Tuition for Residential Fall and Spring Semester Courses will be refunded on the following basis:
- Within the first week of class: 80%
- Within the second week of class: 60%
- Within the third week of class: 40%
- Within the fourth week of class: 20%
- No refund after the fourth week

Tuition for Residential Summer Session Courses will be refunded on the following basis:
- Within the first week of class: 60%
- Within the second week of class: 40%
- Within the third week of class: 20%
- No refund after the third week

Tuition for Distance Learning Courses will be refunded on the following basis:
- Within the first week: 60%
- Within the second week: 30%
- No refund after the second week

The time period for the above computation will include the first day of class through the day on which the student hand delivers or emails an officially executed withdrawal form to the Registrar. Refunds for students enrolled in the Veterans program will meet the Veteran Administration requirements and will be based on percent of time in attendance.

Fees are nonrefundable.

Disciplinary Action: A student who withdraws under disciplinary action is not entitled to an honorable dismissal and no refunds are granted for any part of the semester.

Account Balances: Account balances will not be considered final for at least 30 days after a student has withdrawn from school. The school reserves the right to hold any credit for 30 days before making payment.

Withdrawal: Withdrawal is an officially prescribed process and is not automatic. Even if a student decides to stop attending classes for whatever reason, the student must officially withdraw in the Registrar's Office. Failure to follow the correct withdrawal procedure will result in the grade of “F” being recorded on your academic record. Students who withdraw unofficially are accountable for all tuition and fees.

Financial Aid: Early withdrawal may affect federal grants, loans, and school scholarships, and may cause the student to have to pay back these funds immediately. Withdrawal after three weeks of classes must be approved by the Vice President of Academic Affairs and finalized with the Registrar. A withdrawal becomes part of the student’s transcript. No withdrawal after the 10th week of classes is permissible. If a student unofficially withdraws, he/she will receive an automatic failing grade for the course.

Credit Balances: Any funds due to students from credit balances received through Title IV Federal Aid, VA Benefits, or any other scholarship or grant will be deposited directly into student bank accounts on file in the business office.

Payment Schedule:

International Students: All international students must prepay for the first two (2) semesters before the institution will issue an I-20.

Monthly Payment Plan (MPP): The institution offers a Monthly Payment Plan (MPP) to qualifying students. This is a method to finance your education, interest free, one semester at a time. Students unable to pay their tuition in advance and requiring the institution's assistance through the MPP must pay in advance a MPP Application Fee of $75.00 plus forty percent (40%) of tuition at the time of applying for the MPP. If you choose the MPP, your payments will be thirty percent (30%) of the initial tuition for the semester per month. All payments are due by the 10th of each month. For example: a full-time undergraduate student owing $5,024.00 (any appropriate fees would be added to this amount) would pay the $75.00 MPP Fee plus:
The MPP fee is due at the time of making the arrangements and signing the agreement, plus the initial payment of 40% is due on the following schedule:

- Fall Semester August 10
- Spring Semester January 10
- Summer Semester May 10

The MPP is not available for special seminars unless billed as part of the regular semester charges, and is only available to students who have honored prior agreements and are paying as agreed. MPP is not available for first year students without a credit check. MPP is not available for international students until the second year. Students not current on their MPP will be pulled from classes during the eleventh week and not permitted to complete the semester. All accounts with unpaid past due balances will be assessed a $25.00 late fee by the tenth of each month. Student accounts that are not paid in full will be turned over to a third party collection agency, and listed on the student’s credit report.

Settlement of Accounts

Each student must meet with the Financial Aid Office and the Business Office to make arrangements concerning the payment of semester costs in full. This meeting must occur before the beginning of each semester. While the institution does not require accounts to be paid in full before the first day of the semester, the institution must have a clear understanding provided by the student, in writing and signed by the student, as to the method of payment. No student will be seated for class at the beginning of the semester without having met with the Financial Aid Office and the Business Office, made written arrangements concerning method of payment, and paid at least 40% of the semester tuition, after any guaranteed financial aid awards and institutional scholarships, grants, and awards are factored in.

Any student failing to settle an account in full by the eleventh class-week (or July 10th for the summer semester) will be removed from the class by the Business Office. Any students removed under such terms are automatically considered withdrawn from all semester courses due to nonpayment and will not be allowed to finish, pass, or receive credit for the semester, and the student’s transcripts will display an “F” for those courses. Settling an account means that all tuition and fees owed the institution have been paid and are in the possession of the institution.

Payment in full of all tuition, fees, and fines must be made before a student may receive credit for course work, enroll for an ensuing semester, obtain a transcript, or graduate. There is no exception to this requirement. All accounts include, but are not limited to, obligations of tuition, fees, and library charges.

Discounts

- **Family Discount:** The Family Discount is designed to ease the financial burden of families with two or more students in the immediate family residing in the same household attending this institution. When two or more students from the same immediate household enroll as students, each will receive a discount equal to 10% of their tuition costs, provided that the student maintains a 2.0 GPA or higher on the undergraduate and 2.5 or higher on the graduate level. Household size will be determined by federal aid criteria. No application is required for this discount. Recipients are required to volunteer one hour of work to an approved non-profit ministry for each $100.00 received through this fund.

- **International Student Discount:** This discount is available to any non-citizen, non-resident (e.g. holding an F-1 Visa) full time student who is ineligible for federal student aid, is in good standing with the institution, and has successfully completed one semester at this institution with a 2.0 GPA or higher on the undergraduate level or 2.5 GPA on the graduate level. The International Student Discount is 20% of full-time tuition (12 semester hours) costs. Recipients are not eligible for any other institutionally funded scholarship or grant (excludes institutional awards and endowed scholarships). No application is required for this discount. Recipients are required to volunteer one hour of work to an approved non-profit ministry for each $100.00 received through this fund.
Scholarships
The following scholarships are available to students meeting certain criteria:

- The Christian Vocational Scholarship
- The Dean's List Scholarship
- The Dr. Eddie Grigg Presidential Scholarship
- The Edna Ballard Scholarship for Biblical Studies
- The Gaston and Sylvia Grigg Scholarship
- The Lee and Carroll Flowe Scholarship
- The President's List Scholarship
- The Student Government Association Scholarship
- The Susan Ray Grigg Scholarship

The deadline for applying for these scholarships is April 1 for the following school year.

Awards
Students have an opportunity to receive a number of prestigious awards that carry cash payments and/or other recognition. Current awards include:

- The David Paulsen Biblical Studies Award
- The Eugene C. Kincaid Theology Award
- The Harvey Shropshire Biblical Language Award
- The Hoyle H. Martin, Sr. Urban Ministry Award

Financial Aid

EDUCATIONAL GOALS OF CHARLOTTE CHRISTIAN COLLEGE AND THEOLOGICAL SEMINARY

It is the goal of CCCTS to develop servant leaders with high academic training, interpersonal skills, and moral constitution. It is our desire that each student be sent into the world prepared, trained, and equipped to fulfill the Great Commission.

Therefore, CCCTS is committed to...

- **High Academic Training**: Students will receive the best academic training mixed with practical hands-on experience in their chosen field of ministry.
- **Interpersonal Skills**: Students will develop interpersonal skills conducive to the various fields of their chosen ministry.
- **Moral Constitution**: Students will develop into strong spiritual and moral adults who develop into their character a true Christian lifestyle and mind of Christian servanthood.

EDUCATIONAL OBJECTIVES OF CHARLOTTE CHRISTIAN COLLEGE AND THEOLOGICAL SEMINARY

By providing all students...

*High Academic Training* whereby the graduate of CCCTS has developed...

- evaluative skills;
- a commitment to a lifelong pursuit of learning and intellectual growth;
- the ability to demonstrate effective and efficient communication skills;
- educational knowledge and theory to be utilized in fulfilling daily-living experiences; and
- the ability to resource sound information.

*Interpersonal Skills* whereby the graduate of CCCTS has developed...

- a commitment to modeling maturity in the relationships of family, church and society;
• an acceptance and appreciation of diversity, and is able to relate positively, without prejudice, to produce interaction and experiences among diverse racial and cultural groups.

Moral Constitution whereby the graduate of CCCTS has developed...

• an understanding and purpose for daily worship;
• the transference of knowledge and commitment of daily discipleship into their Christian lifestyle;
• a sound understanding of Scripture and a deep appreciation for our Judeo-Christian heritage;
• effective and efficient communication that enables the student to defend the Scripture to an urban audience; and
• the ability to effectively articulate the gospel in order to lead others to a saving knowledge of Jesus Christ.

At Charlotte Christian College and Theological Seminary, student development is all about H.I.M.

New Student Seminar
All new undergraduate students admitted to CCCTS for academic study are required to enroll in and successfully complete, GS130 New Student Seminar during their first semester of enrollment. During New Student Seminar, students will receive personal assessment for academic skills in research and English, computer skills and word processing, and online research. In addition, students will learn the student academic support system called Populi, learn how to use the CCCTS media resources and educational consortium, and the required method of research writing foundations - Turabian, (latest edition).

UNDERGRADUATE DEGREE PROGRAMS
Two to Four-Year Programs

The undergraduate academic curriculum at Charlotte Christian College and Theological Seminary is divided into two levels:

1. Associate of Arts Program
2. Bachelor of Arts Program

Additionally, the curriculum is divided into four academic divisions sometimes called departments. All undergraduate courses will fall under the scope of one of these departments. Each department is supervised by its own Chairman or Department Head. Department Heads also act as student advisors.

Please take careful note of any course that is followed by an asterisk or a double asterisk.
* A single asterisk means that either one of the two courses listed will fulfill the degree requirement.
** A double asterisk means that one choice out of several courses will fulfill the degree requirement.
ASSOCIATE DEGREE PROGRAMS
Two-Year Programs

The sixty-six (66) credit hour program of study offers two different tracks, whereby the student entering the Associate of Arts Degree Program is able to choose from two options for this degree: the Associate of Arts in Biblical Studies or the Associate of Arts in Urban Christian Ministries. Students wishing to further their studies may use the Associate of Arts degree as a stepping-stone to the Bachelor of Arts degree.

The learning outcomes of the Associate of Arts in Biblical Studies Program are...

1. To identify and understand basic terms and concepts in the biblical studies disciplines.
2. To analyze and evaluate methods, interpretations, and difficulties in the biblical studies disciplines.
3. To synthesize and integrate concepts and habits from the biblical studies disciplines into life, worship, and specific contexts within urban ministry.

The goal for the graduate of the AABS is to go on to a BA in Biblical Studies or, secondarily, to become involved in a lower paid leadership position within a church ministry setting.

The learning outcomes of the Associate of Arts in Urban Christian Ministries Program are...

1. To identify and understand basic and intermediate terms and concepts in Urban Christian Studies.
2. To analyze and evaluate systemic issues that plague and prevent the empowerment of urban communities.
3. To synthesize and integrate concepts and structures from Urban Christian Studies into empowering and sustaining community.

The goal for the graduate of the AAUCM is to go on to a BA in Urban Christian Ministries or, secondarily, to become involved in a lower paid leadership position within a church ministry setting.

**Elective Requirements**

- 6 Credit Hours of Electives

**Total of 66 credit hours for an Associate of Arts Degree**
The one hundred and twenty-eight (128) credit hour program of study provides flexibility for serious minded students. The student entering the Bachelor of Arts Degree Program is able to choose from three (3) options for this degree. The Bachelor of Arts in Biblical Studies has three concentrations, and the Bachelor of Arts in Urban Christian Ministries has six (6), while the Bachelor of Arts in Pastoral Studies stands alone. Each bachelor degree requires forty-five (45) hours of general education requirements, thirty-six (36) hours of degree program (major) requirements, thirty (30) hours of concentration requirements, and Seventeen (17) hours of elective requirements. Students are encouraged to make their selection of electives according to their interests and degree emphasis. Advisement is available for student and academic concerns.

The learning outcomes of the Bachelor of Arts in Biblical Studies Programs are...
1. To identify and understand basic and intermediate terms and concepts in the biblical studies disciplines.
2. To analyze and evaluate methods, interpretations, and difficulties in the biblical studies disciplines.
3. To synthesize and integrate concepts and habits from the biblical studies disciplines into life, worship, and specific contexts within urban ministry.

The educational goal of the BABS program is to prepare students for leadership in church teaching settings, mission field work, or to serve as a basis for ongoing education.

The learning outcomes of the Bachelor of Arts in Urban Christian Ministries Programs are...
1. To identify and understand basic and intermediate terms and concepts in Urban Christian Studies.
2. To analyze and evaluate systemic issues that plague and prevent the empowerment of urban communities.
3. To synthesize and integrate concepts and structures from Urban Christian Studies into empowering and sustaining community.

The educational goal of the BAUCM program is to prepare students for employment in church teaching settings, mission field work, or to serve as a basis for ongoing education.

The learning outcomes of the Bachelor of Arts in Pastoral Studies Program are...
1. To demonstrate one’s own personal faith in Christ by the use of spiritual disciplines and by the articulation of his or her spiritual journey.
2. To demonstrate the ability to apply the Bible, biblical languages, and proper hermeneutics within contemporary urban ministerial contexts.
3. To analyze and evaluate methods, interpretations, and historical difficulties in the historical and theological disciplines.
4. To synthesize and integrate concepts and practical skills, such as leadership, communication, spiritual direction, and administration into real-life ministry settings.

The educational goal of the BAPS program is to prepare students for employment in church ministry settings, mission field work, or to serve as a basis for ongoing education. It is the ideal undergraduate major for students preparing for the pastorate and the Master of Divinity degree.

UNDERGRADUATE COURSE DESCRIPTIONS

CHRISTIAN COUNSELING

CC 130 Basic Pastoral Counseling (3 Credit Hours)
A basic introduction to pastoral counseling. Special emphasis is placed on developmental and emergency situations that are commonly encountered by the pastor.

CC 232 Introduction to Christian Counseling I (formerly Introduction to Biblical Counseling I) (3 Credit Hours)
This course will help students comprehend and differentiate various models used in Christian counseling and ministry. Application of these models will be demonstrated so students will understand how they can be used in urban ministry settings.

CC 233 Introduction to Christian Counseling II (formerly Introduction to Biblical Counseling II) (3 Credit Hours)
An introduction to the principles and techniques of pastoral counseling. Attention is given to historical pastoral theology and the impact it has had on pastoral counseling. Special emphasis is placed on problematic and emergency situations that are encountered by the pastor. (Prerequisite CC 232)

CC 234 Abnormal Psychology (formerly Introduction to Abnormal Behavior) (3 Credit Hours)
The purpose of this course is to introduce students to a study of Abnormal Psychology examining current concepts of mental illness. The course will explore etiology, symptoms, and basic unfilled human needs of selected disorders using the Diagnostic and Statistical Manual of Mental Disorders (DSM) and basic biblical principles of pastoral and Christian counseling from both a clinical and biblical perspective.

CC 331 Ministerial Marriage Enhancement (3 Credit Hours)
A learning experience for ministerial students and their spouses to deepen their commitment and bond in their relationship. This course will prepare couples for the effects of ministry vocations on a marriage and strengthen the relationship for a supportive and healthy marriage.

CC 332 Guidance toward Significance and Security (3 Credit Hours)
An in-depth study into the two most basic human needs and how to lead individuals to find them, based on the Word of God. The course includes a workbook to help the student find his own significance and security and use as a resource in counseling.

CC 333 Counseling Theories (3 Credit Hours)
Using the Christian foundations in God's Word, the student will be introduced to classical and current theories of counseling and examine each one in light of Scripture and practical relevance. (Prerequisite CC 232)

CC 334 Developmental Stages of Life (formerly Issues of Counseling) (3 Credit Hours)
This course will describe major transitions of the life cycle in the context of culture including infancy, childhood, adolescents, singleness, marriage, parenthood, mid-life, retirement, aging, and death. A constant theme will be the discussion of the tension and impact by the family unit upon the individual as one moves through these stages. (Prerequisite CC 232)

CC 336 Counseling Social Problems (formerly The Biblical Family) (3 Credit Hours)
This course will describe common social problems experienced in urban settings. The constant focus will be on depression and anxiety disorder, along with other social problems such as abuse and trauma. Students will learn how to identify the symptoms and behaviors of these social problems and determine what care and resources are needed.

CC 419 Supervised Study/Research (1 - 3 Credit Hours)
CC 430 Supervised Study and Research (3 Credit Hours)
A course designed to increase the knowledge of the student in the area of Christian counseling. The student will be assigned to research and write about a specific counseling topic under the guidance of an advisor.

CC 431 Crisis, Loss and Grief (formerly Counseling Emotional Problems) (3 Credit Hours)
This course will describe specific crises one will face throughout one's life cycle, including but not limited to regular life transitions, unexpected tragedies, disease, and death. The emphasis will be on understanding loss from a spiritual and emotional perspective. The course will include discussion and description of the stages of grief, along with the interventions and counseling skills needed to help those in the midst of major life transitions.
CC 432 Addiction Issues (formerly Premarital Counseling) (3 Credit Hours)
This course will provide introductory knowledge of drug addiction and its effects on the brain and prevention. Among addictions examined will be pornography, sexual addiction, and the underlying reasons and motives from a spiritual and emotional perspective. Students will learn how to recognize, support, and refer to licensed professionals.

CC 434 Pre-Marital Counseling (3 Credit Hours)
This course seeks to help those who serve in the Church be effective in pre-marital counseling. The course will focus on preparing the Christian counselor for a planned program of pre-marital counseling. Topics addressed will include personality awareness, financial planning, marital relations, spiritual development, and the role and responsibility of the couple in a biblical covenant relationship.

CC 435 Marriage and Family Counseling (3 Credit Hours)
A comprehensive course designed to equip the Christian counselor to understand the holistic dynamics of marriage and family relationships in regards to marital and family counseling.

CC 436 The Blended Family (3 Credit Hours)
The study of God’s Word on the subject of blended families and how to effectively minister to their needs in today’s world.

CC 437 The Single Adult (3 Credit Hours)
An in depth study of the unique needs of the single adult and how to help them develop the skills needed to effectively live a healthy Christian life.

CC 438 The Christian and Sexuality (3 Credit Hours)
This course will be an in-depth study of sexuality from a healthy biblical perspective. The course will focus on discovering sexuality from within the context of the story of redemption, the relational terror of one’s experiences, and the healing of one’s personal story. The course will also examine sexual abuse and the different stages of one’s sexual identity.

CC 439 Emotional and Spiritual Preparation for Ministry (formerly Chaplaincy Internship) (3 Credit Hours)
This course will explain a person’s worth in Christ based on biblical truth. It will also explore the significance of emotional well-being when caring for others such as establishing boundaries, self-care, and one’s personal and relational issues.
(Prerequisites CC 232)

GRADUATE DEGREE PROGRAMS
Two to Three-Year Programs

Charlotte Christian College and Theological Seminary offers three graduate level degrees: a two (2) year Master of Arts in Biblical Studies, a two (2) year Master of Arts in Urban Christian Ministries and a three (3) year Master of Divinity.

The sixty-six (66) credit hour Master of Arts in Biblical Studies Program offers three (3) concentrations: New Testament, Old Testament and Theology. The sixty-six (66) credit hour Master of Arts in Urban Christian Ministries Program offers four (4) concentrations: Church Planting, Multi-Cultural Studies, Sacred Music and Youth Ministry. The ninety-six (96) credit hour Master of Divinity Program offers four (4) concentrations: Chaplaincy, General Pastoral Studies, Pastoral Counseling and Pastoral Ministry. Students enrolled in a Master level program must maintain an overall GPA of 2.5 or higher to continue in the program. Students falling below a 2.5 will automatically be placed on academic probation. Students are expected to strictly follow the required course of study for the degree concentration. *Degrees requiring a Language III and IV carry a prerequisite Language I and II as part of the course of study.

The learning outcomes of the Master of Arts in Biblical Studies Programs are...
1. To identify and understand intermediate and advanced terms and concepts in the biblical studies disciplines.
2. To analyze and evaluate methods, interpretations, and difficulties in the biblical studies disciplines.
3. To synthesize and integrate concepts and habits from the biblical studies disciplines into life, worship, and service within the urban church.

The educational goal of the MABS program is professional church employment as pastor or teacher, or pursuing a terminal degree.

The learning outcomes of the Master of Arts in Urban Christian Ministries Programs are...
1. To identify and understand basic and intermediate terms and concepts in Urban Christian Studies.
2. To analyze and evaluate systemic issues that plague and prevent the empowerment of urban communities.
3. To synthesize and integrate concepts and structures from Urban Christian Studies into empowering and sustaining community.

The educational goal of the MAUCM program is professional church employment, church planter, or pursuing further education, either for a Master of Divinity or other advanced seminary degree.

The learning outcomes of the Master of Divinity Programs are...
1. To develop and deepen one's own Christian maturity through spiritual disciplines and a life conformed to the image of Christ. (Spiritual formation).
2. To demonstrate the ability to apply the Bible, biblical languages, and proper hermeneutics within contemporary urban ministerial contexts (Biblical).
3. To contextualize classic theological ideas and their historical causes and ramifications into contemporary urban ministry (Historical-theological).
4. To demonstrate practical skills of ministry (Practical).
5. To apply historical resources and practical insights in the contemporary urban world through prophetic reflection and real world experience. (Applicational).

The educational goal of the M. Div. program is to prepare students for vocational chaplaincy, pastoral counseling or pastoral ministry.

The student will discover the inner workings of city government and how churches can effectively maintain a positive role in that setting.

UM 534 Urban Theology (3 Credit Hours)
This course explores how Scripture deals with the city, how God works in the city, and practical ways to apply theologies of neighbor, community, and geography that uniquely relate to urban dwellers. The application of the theology of sacred space, incarnation, and reconciliation will be explored along with methods of practical applications.

UM 535 Youth Recreation Ministry (3 Credit Hours)
Students will study the unique methods of providing inexpensive inner-city recreation for youth ministries. (CE 336 is recommended, but not a prerequisite)

UM 536 Cross-Cultural Development (3 Credit Hours)
A study and practice of how to reach across cultural barriers to develop multi-cultural congregations and urban centers.

Master's Thesis

TD 630A Master's Thesis (1.5 Credit Hours)
Required of all students in the Master of Divinity program and offered in the fall semester of their senior year, this course will function as a writer's group in order to help the student significantly advance the process of conceptualizing, organizing, and writing a research-based text. In class students will read each other's work, discuss the concepts, methods, and mechanics of constructing and writing a thesis, and provide comment to help with the process. Thesis topics will be approved and students will begin writing the thesis prior to the end of the semester.

TD 630B Master's Thesis (Prerequisite TD 630A) (1.5 Credit Hours)
This course is a continuation of TD 630A and is offered in the spring of their senior year. Students will work independently with the instructor, writing the actual thesis according to the parameters set in the first semester. The completed thesis is submitted by mid-semester to a team of readers that will serve as the thesis defense committee (thesis reader fees apply).

COURSE ROTATION
All courses are offered on at least a two-year rotation basis. Summer courses are chosen from an assessment of the academic needs of the general student body, and are then selected from the previous Spring and the following Fall course offerings. Course rotation is subject to change at any time due to various circumstances. Courses with fewer than seven (7) students registered may be dropped.
The Course Rotation can be accessed from the Populi shared

DOCTOR OF MINISTRY PROGRAM

The Doctor of Ministry Program is both a terminal and practical degree designed to assist those who are already in ministry strengthen their academic and practical skills by upgrading four pastoral related competencies, with the view towards increasing their effectiveness in an urban, multicultural environment:

1. Pulpit Competence
2. Spiritual Competence
3. Leadership Competence
4. Urban Competence

The programmatic goals of the Doctor of Ministry Program are:

- Practical - The program strengthens pastoral skills by providing tools to facilitate lifelong learning, providing tools for continual self-evaluation of one's own ministry effectiveness and learning and applying pedagogical principles used for discipling others.
- Academic - The program strengthens academic skills by requiring original research in one's field of ministry.
- Multicultural - The program increases effectiveness in an urban, multicultural environment by applying biblical and theological knowledge to that particular environment.

The expected learning outcomes of the Doctor of Ministry program are:

- The student should be able to utilize the best tools and materials for improvement of their pastoral skills and conduct accurate pastoral self-evaluations on a spiritual, intellectual, and practical level, as well as teach others pastoral and ministry skills.
- Students will conclude their program with the production of a Professional Project that, while not a dissertation, does demonstrate analysis and assimilation of course work as well as growth in ministry skills.
- Students will have three options for completing the Professional Doctoral Project that will include a multicultural sensitivity reflecting the urban focus of the institution:
  1. Development of a Personal Program
  2. Production of an Expository Commentary
  3. Completion of a Publishable Book

Course Requirements for the Doctor of Ministry degree are met over four (4) years. Seven (7) years are the maximum allowed for the completion of all degree requirements. Continuous enrollment (with fee) must be maintained after the fourth year or the student is withdrawn from the degree program.

Admission to Doctor of Ministry studies does not guarantee acceptance as a candidate for the degree. Candidacy is established when the student has:

- Completed the required courses (12 semester hours).
- Submitted a Professional Project proposal which has been approved by the Doctor of Ministry Committee.
- Filed a Petition for Candidacy Form with the Doctor of Ministry Committee through the Director of the D.Min Program.
- Demonstrated to the satisfaction of the Doctor of Ministry Committee substantial integration of course work and professional ministry.
- Received written notification from the Director of the D.Min Program that candidacy has been approved by the Doctor of Ministry Committee.
- Paid the Doctoral Project Advisor and Reader Fees.

For graduation requirements and other Doctor of Ministry Program Policies, please refer to the 2016-2018 CTS Doctor of Ministry Handbook.

Doctor of Ministry Degree Program Admissions Requirements

In addition to the general admission requirements stated in the CCCTS Catalog, Doctor of Ministry applicants must also:
1. Hold a Master of Divinity Degree or its equivalent* from an accredited theological seminary. Charlotte Theological Seminary defines equivalency as:
   - The completion of seventy-two (72) graduate hours in theological studies which has culminated in the awarding of at least one (1) graduate theological degree. Deficiencies must be satisfied prior to matriculation into the Doctoral Program in an Extended Degree Program.
   - The completion of two (2) graduate theological degrees with one (1) of the degrees having a concentration related to Christian ministry.
   - The completion of a graduate theological degree and sufficient units of supervised Clinical Pastoral Education at a site accredited by the Association for Clinical Pastoral Education to total seventy-two (72) graduate hours.

2. Demonstrate the ability to do doctoral work by earning a 3.0 or higher grade point average on all previous graduate study.

3. Have three (3) years of ministry experience prior to application for admission.

4. Be engaged in a recognized ministry at the time of application and throughout his/her studies at the seminary.

*For the Extended Doctoral Degree Program for Meeting Equivalency Requirements, please refer to the 2016-2018 Charlotte Theological Seminary Doctor of Ministry Handbook or consult with the Director of the D.Min Program.

**Doctor of Ministry Degree Program Requirements**

The Doctor of Ministry Degree requires the completion of ten (10) courses (30 academic credit hours). Five (5) of the courses are required:

- PS 701 Biblical Theology of Pastoral Ministry
- PS 710 The Art of Transforming Text into Sermon
- PS 720 Disciplines That Revitalize the Pastor
- PS 730 Creating a Global Vision in the Local Church
- PS 740 Professional Doctoral Project

Students will build the remainder of their degree program around one of three focus options:

- Preaching
- Pastoral Leadership
- Urban Ministry

Students who wish to strengthen their ministry by taking courses from all three options may do so by petitioning the Director of the D.Min Program.

*Students may register for Faculty Directed Research during their doctoral studies at the seminary. Approval of the Faculty Directed Research will be determined by:
   1. the submission of a well-developed petition requesting Faculty Directed Research,
   2. the student’s ability to do independent research as demonstrated by their academic record, and
   3. the availability of a research advisor.

Normal tuition fees apply in addition to a Faculty Directed Research Fee. Petitions for Faculty Directed Research should be submitted to the Director of the D.Min Program.

**REQUIRED CORE COURSES**

**PS 701 Biblical Theology of Pastoral Ministry (3 credit hours)**

An In-depth look at those principles found in scripture which provide the foundation for a theology of pastoral ministry.

**PS 710 The Art of Transforming Text into Sermon (3 credit hours)**

An investigation of the process through which a text moves from the pages of scripture into the lives of God's people. Students will sharpen their skills in the science of biblical interpretation and strengthen their ability to develop sermons built upon sound exegetical observations which also interest and challenge the hearers.
PS 720 Disciplines That Revitalize the Pastor (3 credit hours)
An experiential course that immerses the student in the spiritual disciplines practiced by Christians through the centuries. This course will provide guidance as the student practices each of the disciplines, reflects on personal transformation, and invites members of the congregation to experience their own renovation of the heart.

PS 730 Creating a Global Vision in the Local Church (3 credit hours)
A module designed to help the local church see beyond its own community and develop a global perspective of God’s activity. This course covers culturally sensitive strategies for members to become involved with believers from other parts of the world through tactical support and enrichment projects as well as short-term mission trips.

PS 740 Professional Doctoral Project (3 credit hours)
A summative project which allows the student three (3) options from which to choose: 1) the development of a program to eliminate a personal weakness in pastoral leadership, 2) production of an expository commentary, or 3) the production of a publishable quality book. The Professional Doctoral Project will require approximately two hundred fifty (250) clock hours to complete, resulting in a product of one hundred fifty (150) pages.

PREACHING FOCUS COURSES

PS 800 Preaching the Literary Genres of Scripture (3 credit hours)
An examination of preaching that structures the sermon according to the particular literary form employed in the biblical passage. This course will examine the characteristics of various genres (law, narrative, wisdom, prophecy, gospel, parable and epistle), principles for interpreting each genre, guidelines for using the genre in a sermon, and suggestions for appropriate applications to contemporary faith and practice.

PS 805 Biographical Preaching (3 credit hours)
A course that investigates a variety of preaching methods for making the characters of the Bible live for congregations removed from those characters by time, geography and culture. Students will have the opportunity to introduce a new friend to fellow worshipers over several weeks.

PS 810 Crafting Illustrations and Applications (3 credit hours)
An investigation into the transforming power of illustration and application. This course will provide strategies and resources for a lifetime of preaching that connects with audiences in ways that can be used by the Holy Spirit to change lives.

PS 815 Preaching through a Book of the Bible (3 credit hours)
An exploration of the value of expository preaching which introduces the congregation to the spiritual riches of an entire book of the Bible. In addition to methods for grasping the message of the book as a whole, students will learn to unpack its smaller sections in light of the book’s purposes. Strategies for maintaining long-term congregational interest will also be developed.

PS 816 Preaching through the Book of Romans (3 credit hours)
A course designed to assist the pastor, introduce his/her congregation to the spiritual riches of Romans. In addition to methods for grasping the message of Romans as a whole, students will learn to unpack its smaller sections in light of the book’s purposes. The course will culminate in the preparation of a series of expository messages from the epistle.

PS 817 Preaching through the Book of Galatians (3 credit hours)
A course designed to assist the pastor, introduce his/her congregation to the spiritual riches of Galatians. In addition to methods for grasping the message of Galatians as a whole, students will learn to unpack its smaller sections in light of the book’s purposes. The course will culminate in the preparation of a series of expository messages from the epistle.

PS 818 Preaching through the Pastoral Epistles (3 credit hours)
A course designed to assist the pastor, introduce his/her congregation to the spiritual riches of Pastoral Epistles. In addition to methods for grasping the message of Pastoral Epistles as a whole, students will learn to unpack its smaller sections in light of the book’s purposes. The course will culminate in the preparation of a series of expository messages from the epistles.
PS819 Preaching through the Book of James (3 credit hours)
A course designed to assist the pastor, introduce his/her congregation to the spiritual riches of James. In addition to methods for grasping the message of James as a whole, students will learn to unpack its smaller sections in light of the book’s purposes. The course will culminate in the preparation of a series of expository messages from the epistle.

PS 820 Great Preachers and Their Messages (3 credit hours)
An opportunity to learn from the giants of the pulpit throughout church history, especially the nineteenth and twentieth centuries. This course introduces the lives, ministries and sermons of great preachers who impacted the world in which they ministered. Students will be challenged to learn the principles that characterized great preachers and apply them to their own journeys toward pulpit excellence.

LEADERSHIP FOCUS COURSES
PS 830 The Pastor as Spiritual Guide (3 credit hours)
An exploration of the use of spiritual direction as a means of counseling individuals within the congregation. Students will learn practical skills for helping people apply biblical and spiritual insight to the problems which disrupt their lives.

PS 835 Revitalizing the Stagnant Church (3 credit hours)
A seminar focusing on church revitalization through careful study of turnaround strategies to help churches to move from decline to a position of health. Different turnaround strategies will be identified, evaluated and compared in an effort to increase the skill level of students to lead churches in revitalization. Students will be able to design a turnaround strategy for their ministry settings.

PS 840 Identifying and Developing Leaders in the Local Church (3 credit hours)
A course designed to help pastors develop leadership within their congregations. This course explores the stages of development, the needs at the various stages, and biblical examples and training that coordinate with the developmental process.

PS 845 Strategies for Long-term Ministry Effectiveness (3 credit hours)
A course that examines the issues which cause a pastor to lose his/her cutting edge and strategies for maintaining effectiveness over a lifetime of ministry. Students will develop and implement a personal plan for continued growth in ministry.

PS 850 Pastoral Leadership in the Culturally Engaged Church (3 credit hours)
A study of cultural trends encountered by the church in the twenty-first century, appropriate strategies for turning the trends into opportunities for expanding the kingdom of God, and the pastor’s role in the implementation of the strategies in the local church.

URBAN MINISTRY FOCUS COURSES
PS 860 Foundations of Urban Ministry (3 credit hours)
A course designed to help the student develop a biblical framework for urban ministry and gain an overall understanding of foundational principles for effective urban ministry. Students will learn principles to understand the diversity of urban settings, to target the needs of various people groups within an urban area, and to develop strategies for effective urban ministry within that culture.

PS 865 Preaching to the Contemporary Listener (3 credit hours)
A study of preaching in the twenty-first century which examines subjects such as contemporary urban culture and the nature of the contemporary listener. Students explore the use of storytelling, creative language, drama, multimedia and other innovative delivery systems.
PS 870 Urban Church Leadership and Management (3 credit hours)
An investigation of the principles, challenges and practices of Christian leadership in the urban context. It includes a theology of leadership, leading and managing specific ministries, working with the systems effecting life in the city, empowering people, managing change, and managing conflict effectively.

PS 875 Issues Confronting the Urban Pastor (3 credit hours)
An examination of the internal issues (dwindling membership, theological controversies and spiritual vitality) and the external issues (cultural relevance, geo-political concerns and social debates) facing urban pastors. Proposals for how pastors in the city can speak to these conditions will be developed through thoughtful analysis, in-depth research and creative discussion.

PS 880 World Religions in the City (3 credit hours)
A study of the major world religions found in every urban environment and the cultures associated with them. This course investigates Judaism, Islam, Hinduism and Buddhism, and may include visits to local worship centers. The student will develop a Christian response to the claims of each religion as well as strategies for his/her church to present Christ productively.

PS 885 Faculty Directed Research in Urban Ministry (3 credit hours)
Approval of the Faculty Directed Research will be determined by: 1) the submission of a well-developed petition requesting Faculty Directed Research, 2) the student's ability to do independent research as demonstrated by his/her academic records, and 3) the availability of a research advisor.
